| <b>PRODUCER</b>    | <b>MOD PLAST</b>        |
| <b>PRODUCT</b>     | <b>ROAD NET</b>         |
| <b>DESCRIPTION</b> | <b>ROAD SIGNING NET</b> |

### **SPECIFICATIONS**

|                       |                                 |
|-----------------------|---------------------------------|
| Material base         | Monofilament HDPE               |
| Weight/m <sup>2</sup> | + 2%<br>>70gr                   |
| Tensile strength      | (N) $\geq 18$                   |
| Temperature range     | (°C) -40 / +80                  |
| Stretching %          | > 7.5                           |
| Elasticity            | > 100%                          |
| Color                 | ORANGE/YELLOW                   |
| Width                 | 1m/ other dimension available   |
| Length                | 100m/ other dimension available |
| UV stability          | NO                              |
| Packaging             | ROLLS                           |
| Metallocene           | YES                             |

#### **1. APPLICATION**

**This is a product for ROAD signing with fluorescent yellow line on the net for more visibility e.t.c.**

The data contained in this PDS are based on the knowledge available at the time of publication and can be changed due to changes of the methods of measurement and/or manufacturing. All dimensions and properties are reported as typical values. All our nets are thermoplastic products subjected to shrinkage and deformations.
